Organization Sponsored Families Plans

Bitwarden Enterprise customers may sponsor Bitwarden Families plans as a benefit for their employees. Enterprise organization admins can provide Families sponsorships to their employees who are not active members of the Enterprise organization.

This article demonstrates how Enterprise organization admins can issue Families sponsorships to non-organization members.

(i) Note

Bitwarden users who are already members of an Enterprise organizations may redeem families sponsorships by following these instructions.

Issue a sponsorship

Once Bitwarden sponsored Families plans have been enabled for your organization, a new option will be available for selection on the Admin Console. To access the new menu and invite users:

(i) Note

To issue Families sponsorships, Owners, Admins or Custom users with Manage users permission must first contact us to enable admin-issued Families sponsorships.

1. Navigate to the Admin Console and select **Members** → **Free Bitwarden Families**:

2. Select + Add sponsorship and a dialogue will appear where you can enter in the email of the user, as well as any notes. The invitation can be sent to an email already connected to an existing Bitwarden account, or an email without an existing Bitwarden account.
