ACCOUNT ACCESS

Choose My Server

Choose My Server

The Bitwarden cloud is available globally with data storage in both **United States** and **European Union** regions.

To choose which server to you're logging into or creating an account on, use the **Server** or **Logging in on:** dropdown on the login or registration screen:

⇒Web app

Region selector on web app

bitwarden

Secure and trusted open source password manager for business
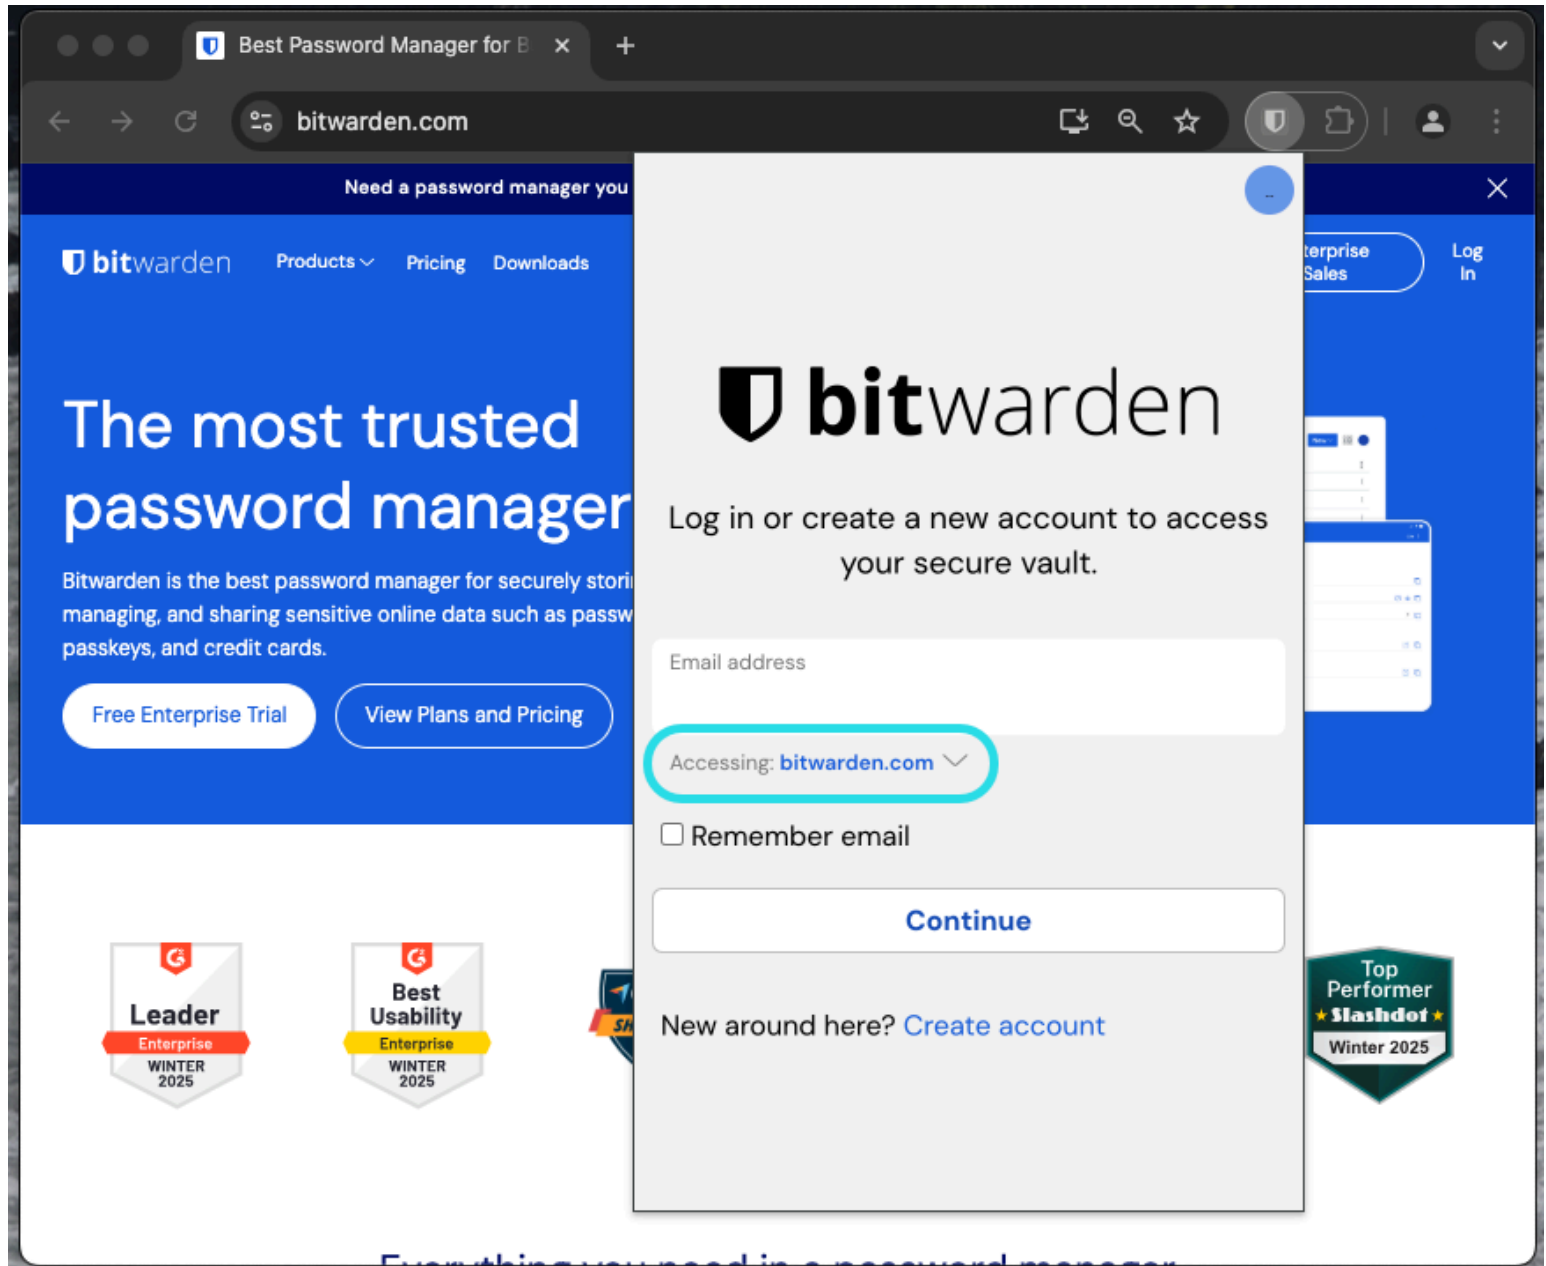

⇒Browser extension

Region selector on browser extensions

bitwarden

Secure and trusted open source password manager for business
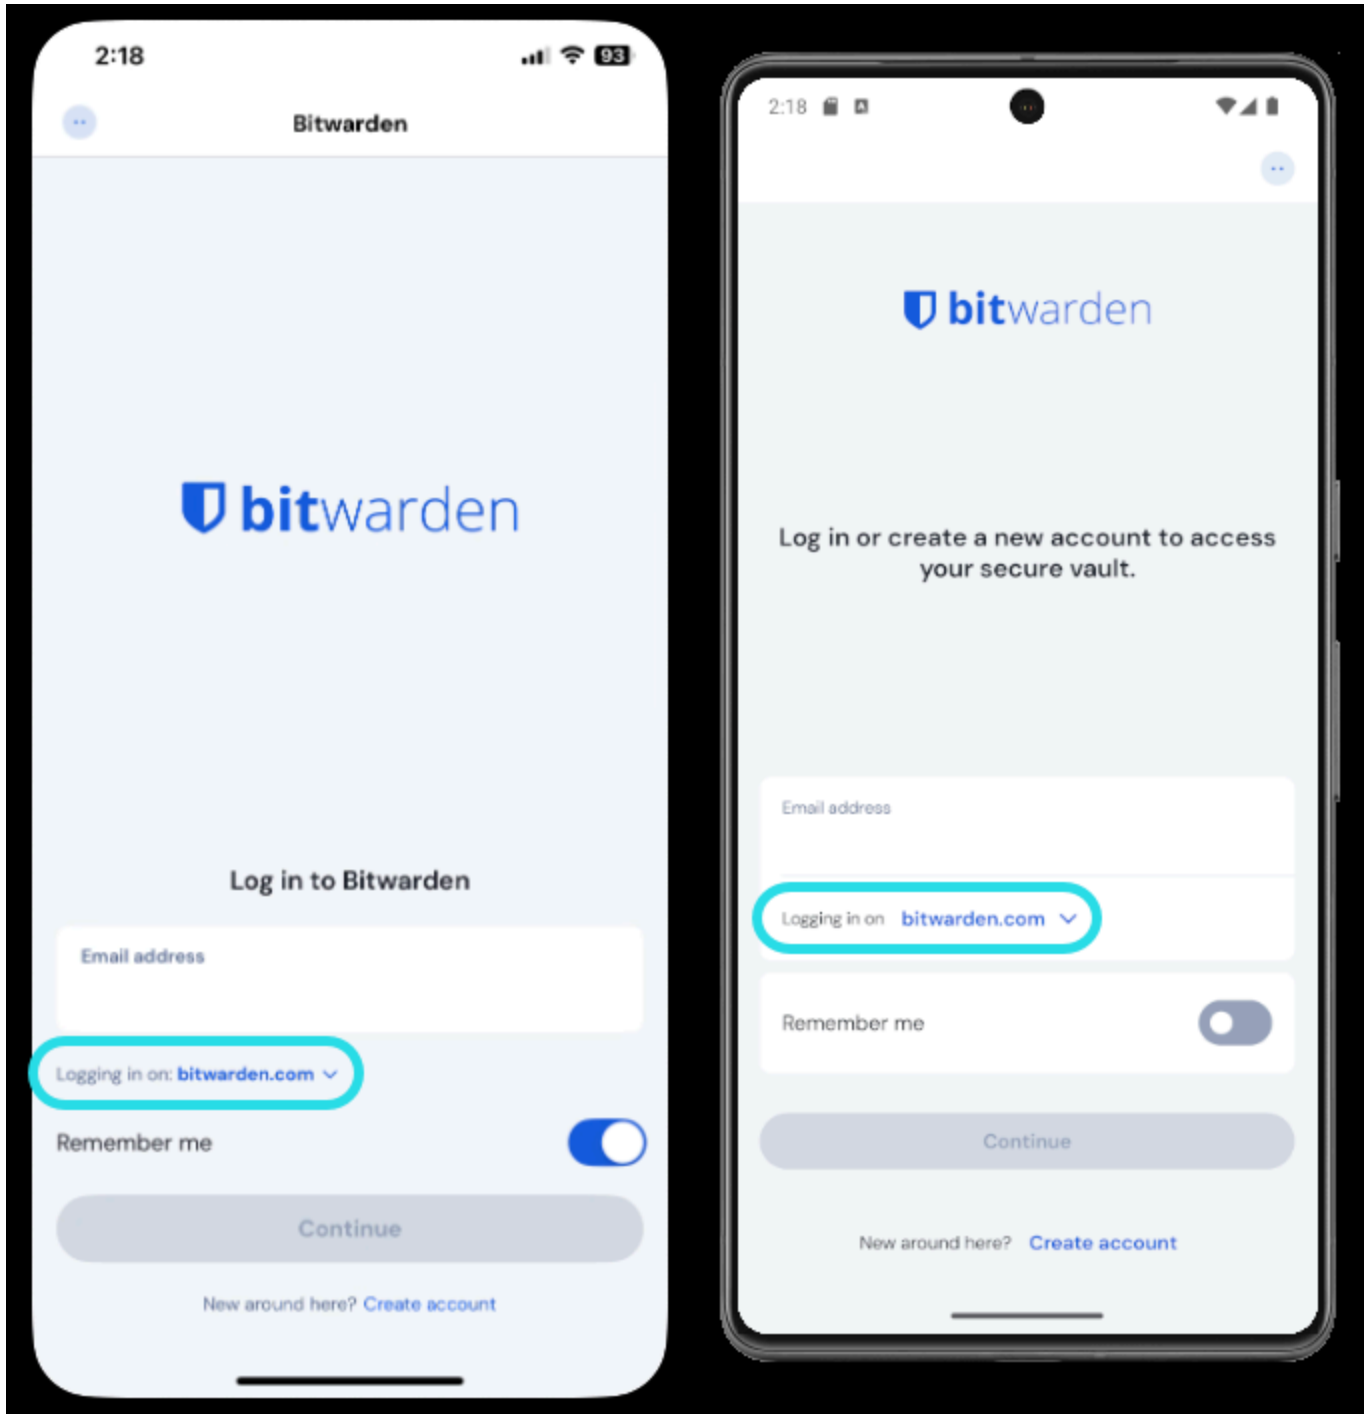

Region selector on mobile apps

bitwarden

Secure and trusted open source password manager for business
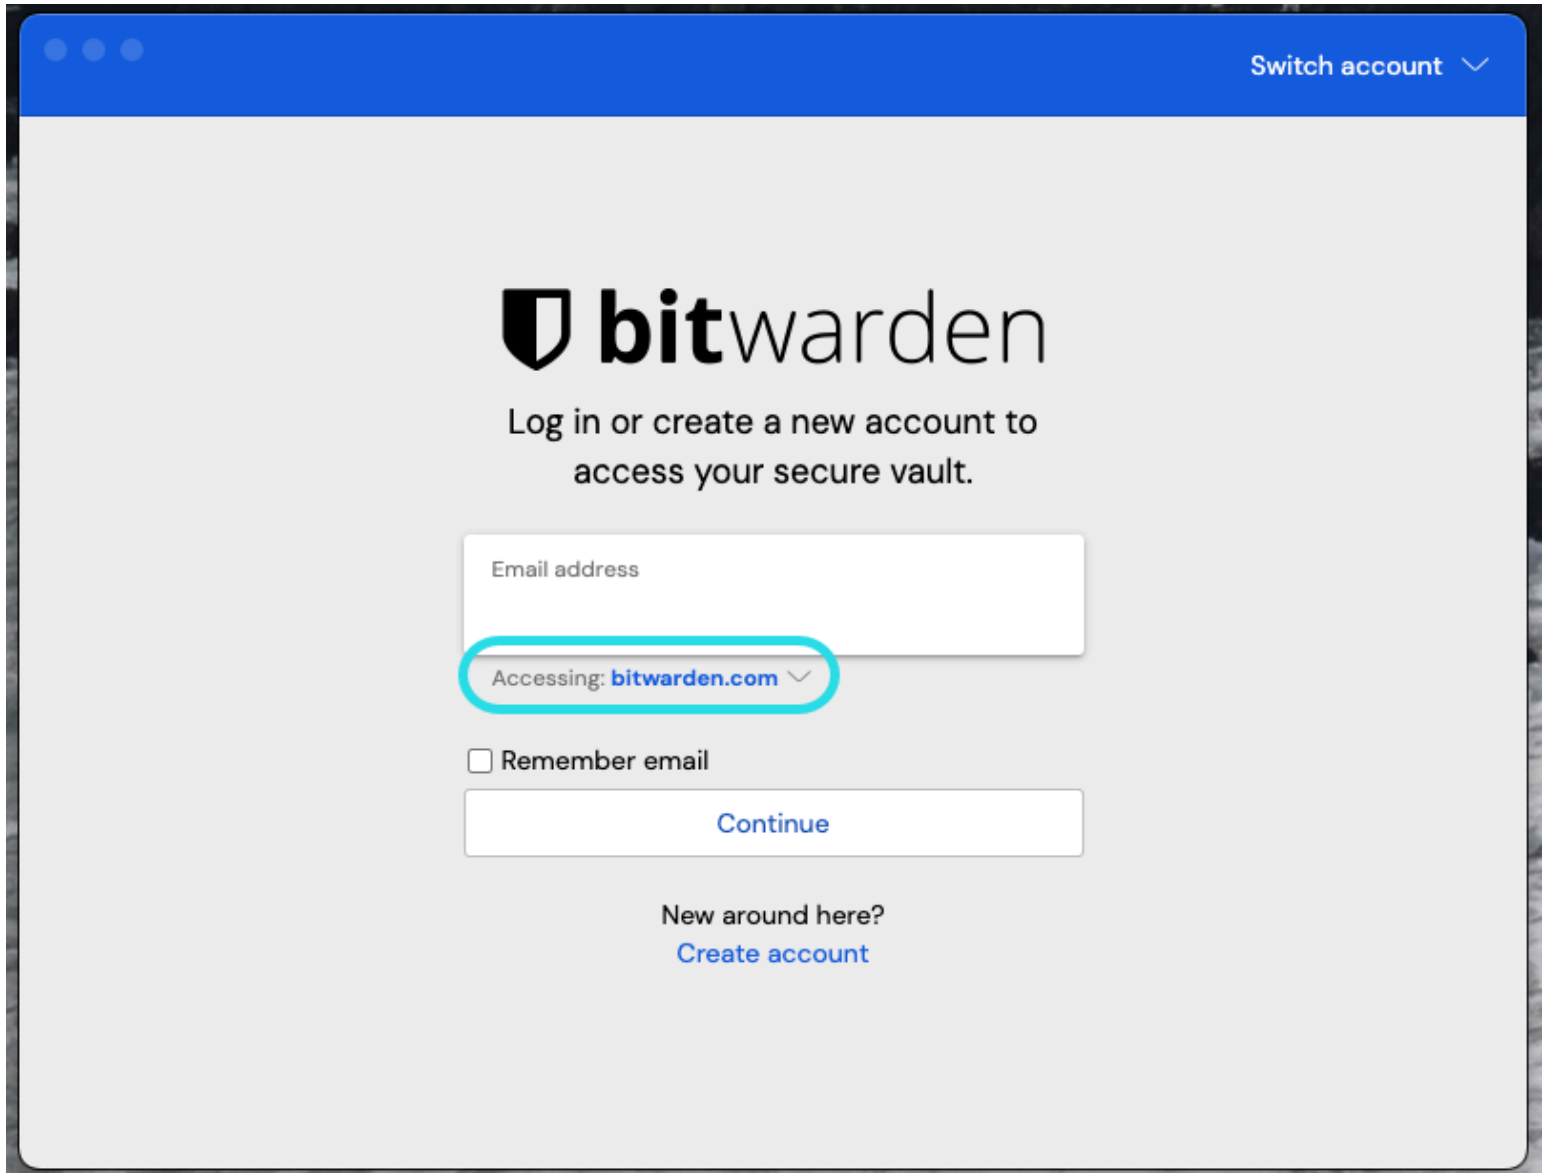

⇒**Desktop app**
