Redeem Families Sponsorship

https://player.vimeo.com/video/828094070

Members of Enterprise organizations are offered a **free Families organization** sponsorship that can be applied to a new or pre-existing Families organization and redeemed directly from the web vault.

∂ Tip

This feature can be turned off by Enterprise organizations with a policy.

Using a **Families organization**, securely share vault data between yourself and up to five friends or family members. Families organizations include premium Bitwarden features for all six users, including advanced two-step login methods, encrypted file attachments, emergency access, and more.

This article will help organization members redeem their sponsorship, however if you are an admin of a self-hosted Bitwarden Enterprise organization, you'll need to complete these steps to enable Families sponsorships for your members.

(i) Note

If you are on the 2019 Families plan, you can still redeem a sponsorship but your organization will not automatically include all features released after 2020. To upgrade your current plan, navigate to the **Subscriptions** → **Billing** page and select **Upgrade plan**.

Redeem your sponsorship

D bit warden

(i) Note

Families sponsorships must be based in the same region as the sponsoring Enterprise organization. Make sure you select the correct region before logging in and redeeming a sponsorship.

To redeem your sponsorship:

- 1. Log in to the Bitwarden web app as the account attached to the sponsoring organization.
- 2. Using the navigation, select **Settings** \rightarrow **Free Bitwarden Families**:

Password Manager	Free Bitwarden Families	000	BW
🗇 Vaults	You and your family are eligible for Free Bitwarden Families. Redeem with your personal email to keep your data secure		
🖉 Send	even when you are not at work.		
\ll Tools \sim	The Bitwarden for Families plan include: Premium access for up to 6 users 		
╤ Reports	Shared collections for Family secrets		
Settings	Which Free Families offer would you like to redeem? (required)		
My account			
Security	Enter your personal email to redeem Bitwarden Families: (required)		
Preferences			
Domain rules	Redeem		
Emergency access			
Free Bitwarden Famil			
	Free Bitwarden Families		

3. On this screen, provide a personal email you want to redeem the sponsorship with and select Redeem.

∂ Tip

If you already have a separate personal Bitwarden account, use the email address attached to that account. If you don't already have a separate personal Bitwarden account, you will need to create one with the personal email you enter here. **Do** not use the email address or Bitwarden account attached to the sponsoring organization.

4. In your inbox, you will receive an email from Bitwarden inviting you to accept the sponsorship offer. Select Accept Offer to continue:

A Bitwarden organization, My Organization, has sponsored a free Families subscription for you! To activate your complimentary subscription, click the link below.

Accept Offer

If you do not recognize this account, please ignore this message.

Accept Families for Enterprise Offer

5. If there is a Bitwarden account associated with the provided **personal email**, log in. If there is not an account associated with the personal email, you will be directed to the Create Account screen.

∏ Tip

Sponsored Families organizations must always be accessed from https://vault.bitwarden.com or vault.bitwarden.com, so you will need to remember to use the right URL to log in to the right account.

Tip: Bitwarden mobile and desktop apps can quickly swap between accounts that use different URLs.

6. Once you have logged in, you will be directed to a screen where you can finish redeeming your sponsorship for a **New Families Organization** or an **Existing Families Organization**:

⇒New Families organization

Select New Families organization from the dropdown:

U bitwarden

 Password Manager □ Vaults ✓ Send 	Accept Free Bitwarden Families Accept offer for an existing organization or create a new Families organization. Select the organization you would like sponsored (required) New Families organization
≪ Tools 云 Reports ⓒ Settings ✓	Organization name (required) Billing email (required) bettywarden@gmail.com
	Choose your plan Families For personal use, to share with family & friends. New Free Bitwarden Families

Fill in the following information:

- An Organization name
- A Billing email
- Whether you want to add Additional storage (GB). Your sponsorship covers 1 GB free.
- Payment information

You won't have to make any payments for the Families organization as long as you are an active member of the sponsoring organization, unless you add **Additional storage**. When you are done filling in your information, select **Submit**.

⇒Existing Families organization

Select the organization from the dropdown and select Accept Offer:

Password Manager	Accept Free Bitwarden Families
🗇 Vaults	Accept offer for an existing organization or create a new Families organization.
✓ SendNools	Pre-existing Families Organization
≅ Reports	
🕸 Settings 🛛 🗸 🗸	

Existing Free Bitwarden Families

When you accept the offer, your old subscription will be replaced by the Enterprise sponsorship. You won't have to make any payments for the Families organization, unless you add **Additional storage**, for as long as you are an active member of the sponsoring organization.

⊘ Tip

Congratulations! If you are new to using Bitwarden Families organizations, we recommend checking out this article to learn the basics.

Frequently asked questions

Q: Can I redeem with the account that's a member of the sponsoring Enterprise?

A: No. Upon redemption, you will be asked to enter a **personal email address** that you own. If you already have a personal Bitwarden account, enter that account's email address. If you don't, enter a personal email address for which you want to create a personal Bitwarden account.

Q: Can I redeem for my existing Families organization?

A: Yes! Redeeming a sponsorship for an active Families organization will immediately switch you to a sponsored subscription and add prorated account credit for the time remaining on the subscription you have paid for.

Q: Can I add additional storage?

A: Yes, however only 1 GB is included in your sponsorship. More storage can be added at any time and doing so will charge your payment method on file.

Q: What happens if I leave the organization sponsoring me?

A: If you leave or are removed from the sponsoring organization, or if you manually end your sponsorship, your payment method on file will be charged at the next billing interval.

Q: What do I do if I received a renewal reminder in my email?

A: If you're still a member of the Enterprise organization, typically an employer, that's sponsoring your free Families organization, you can safely ignore this email. If you're no longer a member of that Enterprise organization, ensure your organization will renew without interruption by opening your Families organization Admin Console, navigating to **Billing** → **Payment method**, and checking that the payment method is valid.

Q: What does Awaiting Sync mean?

A: The status Awaiting Sync indicates your self-hosted Bitwarden server is waiting to sync with the Bitwarden cloud before your sponsorship can be fully redeemed or changed. Sync happens once a day.

If you try to redeem your sponsorship before the sync is complete, you will get an error message in the cloud web vault that reads Cann ot find an outstanding sponsorship offer for this organization.

Q: Can self-hosted Enterprise organizations issue sponsorships?

A: Yes. There's a short setup procedure that must be completed by an administrator which you can learn more about here. Please remind your users that their sponsored Families organization can be redeemed through our public cloud (https://vault.bitwarden.com).

Q: Can a sponsored Families organization be on a self-hosted server?

A: Yes, however there are a few steps to go through:

1. Redeem your sponsorship at https://vault.bitwarden.com as described above.

2. Still on https://vault.bitwarden.com, retrieve your Families organization's license file as described here.

D bit warden

3. Log in to your self-hosted server and apply the license file to an organization as described here.

Please note, your self-hosted server will need to be connected to an SMTP mail server in order for invitations to your families organization to be sent to other members.

Q: If my organization is on a US server, can I redeem a Families organization on the EU server?

A: No, the Families plan sponsorship can only be redeemed on the same cloud server as the sponsoring Enterprise organization. If your Enterprise organization has migrated from one cloud server to another, a new Families organization will have to be sponsored on the correct cloud server. For more information on migrating organizations, see the Bitwarden migration guide.

Q: How do I remove a Families organization?

A: To remove a Families organization, log in to the account that is a member of the Enterprise organization and navigate to Settings → Free Bitwarden Families. Select the ⁽³⁾ cog icon associated with the sponsored Families organization and select Remove.
